

Overview: When does the express surcharge apply for some services?

To ensure that all services can be made available in a timely manner, we ask that you place your orders in the Shop for Exhibitor Services by no later than 22 days before the start of the event. This ensures that all resources can be prepared for you efficiently and on time.

Naturally you can also place orders shortly before the event or even while it is in process. Please note, however, that increased expenditures are required to provide certain services with extensive planning/personnel requirements at short notice. As a result, some services related to suspensions, compressed air, electricity and water connections, stand cleaning and security are subject to an express surcharge in the amount of 25% of the service price for all orders received 21 days or less before the event.
